Further, if you create files, which use HSF as a sub-set of the full file, the HSF portion of the data in the file must be extractable and readable by any HSF file reader. However, you are permitted to create other non-HSF files that contain other information that are embedded in and supersets of the HSF file, even if such files are not viewable to others parties using an HSF file reader.

Ownership.

You acknowledge and agree that the HSF format is proprietary to TS3D. All rights not specifically granted in this Agreement, including Federal and International Copyrights, are reserved by T3D.
